Technical data

Model	A4 2.0 TFSI®	A4 2.0 TFSI® quattro®
Engine Type	4-cyl. Gasoline engine with direct injection petrol, turbo charging module and Audi valvelift system	
Displacement in cc (valves per cylinder)	1.984	1.984
Max. output in hp at rpm	190 /4.000 - 6.000	252 /5.000 - 6.000
Max. torque in Nm at rpm	320/1.450 - 4.200	370/1.600 - 4.500
Power transmission/wheels		
Type of drive	Front wheel drive	quattro® permanent four-wheel drive
Transmission	7-speed S tronic	7-speed S tronic
Wheels	17" cast aluminium alloy wheels	18" cast aluminium alloy wheels
	5-spoke Y	5-spoke dynamic - diamond cut finish
Tyres	225/50/R17	245/40/R18
Weight/capacity		
Unladen weight in kg	1.480	1.585
Gross vehicle weight limit in kg	1.985	2.080
Roof load/trailer nose weight in kg	90/80	90/80
Fuel tank capacity, approx. in l	54	58
Performance/consumption		
Top speed in km/h	240	250
Acceleration 0-100 km/h in sec	7.3	5.8
Fuel grade	Super (RON 98)	Super (RON 98)
Fuel consumption in l/100 km	urban	6.6
	extra-urban	4.7
	combined	5.4
CO ₂ emissions in g/km	combined	122
Emissions standard	EU 4	EU 4

Design and technology that lead the way. Sporty and pioneering. United in the all-new Audi A4 . See for yourself.

The powerful-looking front end, the three-dimensional Singleframe and the sporty, elegant design. The all-new Audi A4 exciting, inspiring, captivating. From the front end to the distinct diffuser with integrated tailpipes. Rounded off LED rear lights with dynamic indicators in progressive design. ²⁾

The all-new Audi A4 with a new design language. Emphatically sporty. Strikingly staged. By the straight roof line and the crisp, all-round shoulder line gently tapering shadow edge.

MMI® navigation plus with MMI touch

The following is supported in addition to the contents of the MMI radio:

- Navigation system with 8.3-inch high-resolution colour display
- Map update online by downloading of current navigation data
- 3D map representation with display of lots of sightseeing information and city models
- Traffic information online: navigation that factors in current traffic volume using real-time information

- MMI search: free-text search with intelligent destination suggestions while still making the input
- MMI touch: touch-sensitive control panel for quick, intuitive operation, e.g. destination entry by handwriting recognition as well as moving around and zooming on the map
- Simple operation of the infotainment using natural speech commands
- Driver information system with 7-inch colour display including display of navigation map

Bang & Olufsen Sound System ²⁾

Bang & Olufsen 3D Sound System fascinating sound reproduction via 19 loud- speakers including 3D tweeters, mid-range loudspeakers, centre speaker and subwoofer. 16-channel amplifier has a total output of 755 watts; speed-sensitive volume adjustment; spatial sound reproduction with the new sound feature 3D Sound for the front seats. This sound is created by means of additional loudspeakers in the A-pillar, the mid-range loudspeakers and the Fraunhofer technology Symphoria. The 3D sound can be generated with all sources, creating a uniquely authentic stereo and 3D surround sound experience in the vehicle.

Reversing camera

makes it easier to manoeuvre by showing the area behind the vehicle in the MMI display using dynamic and static aids. Choice of 2 modes (perpendicular parking mode and, with factory-fitted trailer towing hitch, trailer mode). Depending on the selected mode, the calculated driving path is displayed along with auxiliary markers and guidelines. The reversing camera is discreetly integrated into the handle of the luggage compartment lid. Activated when reverse gear is selected or via a button on the centre console.

Modern driver assistance system - arrive more relaxed and also save fuel.

More comfort, greater safety and reduced fuel consumption. Assured by an intelligent combination of newly developed assistance systems. The predictive efficiency assistant helps you to adopt an anticipatory driving style for fuel saving of up to 10%.

2.0 litre TFSI engine¹⁾

With FSI-petrol direct injection, turbocharger, and Audi valvelift system.
1.984 cm³
190 hp @ 4.000 - 6.000 rpm
320 Nm @ 1.450 - 4.200 rpm

2.0 litre TFSI quattro® engine²⁾

With FSI-petrol direct injection, turbocharger, and Audi valvelift system.
1.984 cm³
252 hp @ 5.000 - 6.000 rpm
370 Nm @ 1.600 - 4.500 rpm

Audi drive select

different modes – auto, comfort, dynamic, efficiency and individual – allow you to adjust the vehicle's characteristics by adapting the power steering assistance, engine and gear-changing characteristics with S tronic and the settings of other equipment. The efficiency mode shifts the engine, automatic transmission, climate control to a more fuel-efficient basic setting.

Lighting technologies
See and be seen better.

Darkness is relative. Headlights virtually turn night into day. State-of-the-art, pioneering lighting technology for excellent and intelligent illumination of the road. For increased visibility. And to attract attention. But Audi LED headlights won't thrill you only at night. They're a spectacle during the day, too.

LED headlights²⁾

allow precise, near-daylight illumination of the road; combining LED dipped beam, high beam, daytime running lights, motorway light, indicator and static turning light as well as all-weather light

Xenon plus¹⁾

intensive illumination of the road, good uniformity and range thanks to headlights with durable gas discharge technology for dipped and high beam including all-weather light in the main headlights.

LED rear lights with dynamic indicator²⁾

same functions as the LED rear lights, but additionally feature a dynamic and quickly recognisable lighting pattern for the indicators. The segments of the LED light band are illuminated in turn within milliseconds, creating a pulse of light that runs outwards in the direction in which the car is turning.

Cast aluminium alloy wheels in 5-spoke dynamic-diamond cut finish²⁾

size 8J x 18" with 245/40 R 18 tyres

Cast aluminium alloy wheels in 5-spoke-Y design¹⁾

size 7.5J x 17" with 225/50 R 17 tyres

**Interior design -
innovative architecture, sophisticated ambience,
impressive quality.**

High tech, functionality and design. Impressively and harmoniously combined in the interior. Horizontal interior architecture. Exuding lightness and breadth. High-quality materials, sophisticated tactile qualities and precision workmanship. Plus headroom, shoulder room and legroom that ensure a wonderful sense of space.

Virtual cockpit.²⁾ Real excitement.

Focus on the future of mobility. With the Audi virtual cockpit. Fully digital instrument cluster with high-resolution 12.3-inch colour display. A high level of functiona and design. Few buttons, many functions. In conjunction with MMI including MMI touch. Experience infotainment on grand scale. Right here in your Audi A4.

Ambient lighting²⁾

in addition to the lighting package 3 (three) pre-defined colour profiles; additional interactive and customised colour profile. The interactive colour profileis controlled through the Audi drive select modes. The colour adjustments are made for the contour and ambient lighting features:

- Cup holder, front (multicoloured)
- Centre console, front (multicoloured)
- Footwell lighting, front/rear (multicoloured)
- Door pockets, front/rear (multicoloured)
- Ambient door lighting, front and rear (multicoloured)
- Contour lighting for doors, front/rear (multicoloured)

Leather steering wheel in 3-spoke design with multifunction plus

with 14 multifunction buttons for operating the existing infotainment functions conveniently, such as audio skip, activating voice control system, NAV or the freely programmable button; adjustable in height and reach, with full-size airbag

3-zone deluxe automatic air conditioning

in addition to the automatic air conditioning: electronically controls the air temperature and distribution individually for the driver and front passenger, steady diffuse ventilation provides draught-free flow of air via the air nozzle strip, additional air-conditioning controls in the centre console, rear, for setting the temperature in the rear compartment, automatic recirculation mode by means of air quality sensor, with rain and light sensor as well as combined activated charcoal and particulate filter, ventilated glove compartment
